FAMILY 30 KIS	805	400	332	36

Family is Riello high-efficiency top wall-hung boiler in the room sealed proposal. Thanks to its particular Comfort Button, Memory Button, Touch&Go Function and Smart semi-automatic Filling System, it offers high technology while ensuring ease of control and function management. It is available 30 kW outputs.

- DHW production through a stainless steel plate heat exchanger
- Frost protection thermostat with heating NTC probe, which turns ON when the temperature achieves 5°C
- Room temperature control directly managed by the boiler board together with the external probe (optional)
- Boilers are equipped with: mounting template, hydraulic connections, cover and wiring.

ACCESSORIES

Description	Code
Zone valves management kit for Family REC	4047260
High head pump kit	20105879
Central heating taps with filter	4047475
Central heating taps	4047476
External probe	4047726
Family Remote Control (REC06) (with electronic interface board)	4047253
Room sensor kit Family REC	4047265
Solar diverter valve kit for instantaneous wall-hung combi boilers	20025113
TERMORIELLO DGT (Digital room thermostat)	20059640
CHRONORIELLO 7D WIRELESS (7-day digital room thermostat wireless)	20101747
CHRONORIELLO 7D (7-day digital room thermostat)	20063873

RiCLOUD smart remote control

Description	Code	Notes
RiCLOUD with Wi-Fi box	20117394	(1)
RiCLOUD	20117399	(2)
Wi-Fi box	20117402	
RF-wireless boiler receiver	20117359	

(1) Wi-Fi box included to connect to the home Wi-Fi.

(2) Compatible with RF connection to the Wi-Fi box, cod. 20117402 (accessory not included, necessary to connect to the home Wi-Fi).
