

GRAN CLOR 2006

Technical Data Sheet

SYMBOL	pH
SP-23	14

Highly alkaline product, designed for cleaning and disinfecting sanitary surfaces, machines, devices and surfaces that have directly contact with food. Contains active chlorine. Degreases and removes strongly contaminations and discolourations of animal and galenic origin, including those that are created from putrefaction.

Works according to the PN-EN 1276, PN-EN 1650 and PN-EN 13697 norms.

Permission for trading biocidal product 3126/07.

Product has Certificate of the National Institute of Hygiene – PZH (HŻ/1917/1/2012).

APPLICATION:

- hard industrial surfaces, pools
- trash containers
- food production and transport, alkaline-proof surfaces that have direct contact with food
- sanitary rooms, sanitary facilities, showers
- luggage space for transporting meat, fish and poultry

COMPOSITION:

100 ml of the mixture includes:

- 24 g sodium hypochlorite
- $\leq 10\%$ sodium hydroxide
- $\leq 5\%$ cationic surfactants
- $\leq 5\%$ phosphonates

GRAN CLOR 2006

Technical Data Sheet

USAGE:

Working solution must be made just before using it and only in ventilated rooms. In case of full spectrum of the disinfecting substance (bactericidal, fungicidal, sporicidal, virucidal), spread the product on the surface with at least 2% concentration (200 ml / 10 l of water). It's best to use it in the form of the foam and in the temperature of 20°C. Working time: 15 minutes.

After disinfecting, wash down the surface with large amount of clean drinking water. Ventilate the room for 5 minutes after the whole operation.

Warning: Do not use with other products. May create harmful vapours (chlorine).

DANGER:

- Causes severe skin burns and eye damage.
- May cause respiratory irritation.
- Very toxic to aquatic life with long lasting effects.
- Wear protective gloves/protective clothing/eye protection/face protection.
- IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
- IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].
- Immediately call a POISON CENTER/doctor
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Store locked up.
- Contact with acids liberates toxic gas.

SELL-BY DATE:

6 months from the production date.

Production date/series and expiration date are stated on the packaging.
