

CAR - SHINE

Technical Data Sheet

SYMBOL	pH
A-33	9

Product designed for polishing all kinds of car paint (normal, metallized, new, old) and other shiny surfaces (chrome, varnished wood, plastic, glass). Easy to use, works immediately. Thanks to the newest generation of the polymers, product fills small scratches on the car paint, enhances colour and removes slight dirt and stains. Protects the car paint from daily pollution and bad atmospheric conditions.

APPLICATION:

- car paint
- shiny surfaces

COMPOSITION:

- < 5% alcohols
- aroma composition
- auxiliary substances not classified as dangerous.

USAGE:

Before using, read product's safety data sheet.

Product is ready to use without diluting.

Apply the product on slightly moist surface. Carefully spread it and leave it to dry off. Does not need to be polished.

Warning: Do not use in full sun, or on heated surfaces.

CAR - SHINE

Technical Data Sheet

DANGER:

Product is not a hazardous substance under applicable regulations.

SELL-BY DATE:

36 months from the production date.
